COLONEL BENNETT H. YOUNG.

He Will Speak For the Goebelites in This City This Afternoon.

[Extract from the speech of ex-Governor Bradley, delivered at the Auditorium, Louisville, Monday evening, October 18.]

... have noticed lately a published speech of the ex-Governor, in which Colonel Young of this city, in which he speaks in contemptuous terms of my course as minister of public safety, and my performance as a warrior in calling on the State Guard at Louisville, and in particular in which he speaks of such a splendid record as a warrior should look with contempt upon lesser heroes. Not only is he a warrior, but a general, and a general of the highest rank. The charge of Balaklava pales into insignificance when compared with the record of the bank at St. Albans.

This is the first time that a warrior has removed his plumed helmet.

"Who's shall dare these boots display

Shall meet Bombs to face to face?"

But he says the greatest direful threats on the occasion and made way upon the women and children of the city, and the most terrible scenes of suffering and death. I will propound a question and I will think you will answer it, or not. Is this statement true? With all the witnesses of the best people in his home city in my favor further response seems unnecessary.

But again, he is the warrior. Bradley issues an order for the troops to break into the booths and capture ballot-boxes and arrest election officers. What does he do? He goes to the audience of ladies and gentlemen and will speak to them. I will propound a question and I will think you will answer it, or not. Is this statement true? With all the witnesses of the best people in his home city in my favor further response seems unnecessary.

But again, he is the warrior. Bradley issues an order for the troops to break into the booths and capture ballot-boxes and arrest election officers. What does he do? He goes to the audience of ladies and gentlemen and will speak to them. I will propound a question and I will think you will answer it, or not. Is this statement true? With all the witnesses of the best people in his home city in my favor further response seems unnecessary

IT MUST END SOON.

It is Generally Believed the Big Strike Will Close Some Time This Week.

BOTH SIDES TO MAKE CONCESSIONS.

The Sales Agents for the Big Companies and the Retail Dealers Are Taking a Hand.

The Operators Are Losing Their Trade, and the Strikers Can Not Afford to Hold Out a Great While Longer.

Wilkesbarre, Pa., Oct. 22.—The general belief here is that this week will see the windup of the strike. The strikers do not admit this openly, but it is the feeling that the lookout can not be continued much longer. Both sides are prepared to make concessions. The operators say they have none to make, but under certain pressure they are expected to make them nevertheless. The politicians have had their say in the negotiations looking toward a settlement, and now the time of the big coal companies and the retail dealers in the big cities are taking a hand.

Something Must Be Done Soon.

They are writing and telegraphing every day to the coal companies that, unless something is done very soon to bring the strike to an end, and an effort made to get some hold on the market and saleable figures, the strike will be demoralized for years to come and some of it will be lost forever.

One sales agent writes: "One of my largest customers tells me that consumers are getting to like bituminous coal, and that they think they will keep on buying it."

Both Sides Anxious to Settle.

It is such as these that make the operators just as anxious to settle the strike as the miners. But the strikers must make the biggest concession, and there is every reason to believe that they will do this. The miners are out. Many of the miners out on strike argue this way: "Let us accept the latest offer of the companies and settle the power question later on. If we return to work we are sure to get an increase over the wages paid during the past, no matter what the operators try to figure it out, and we can afford to ride out for the settlement of the power issue."

Some Strikers Favor Holding Out.

Of course, there is some opposition to taking this position. There are some strikers who favor holding out until the miners get a good grade, but this class is not in the majority. They are men who own their own houses and have their larders well filled for the winter. They can afford to hold out against the companies, but the bulk of the miners can not.

Mitchell Will Not Stand in the Way.

President Mitchell is now thoroughly engaged in the coal strike affairs in the Wyoming and Lackawanna regions, and as late as Sunday he told one of the Luzerne county officers of the United Mine Workers who is in Hazleton that he would not stand in the way of a settlement if the miners in the Wyoming region wanted to return to work under certain conditions. Mr. Mitchell is expected to take a decided stand Monday or Tuesday on the issues that now stand between the operators and the miners of the anthracite districts.

IMPROPER MANIFESTS.

La Bretagne's Entire List of Steerage Passengers Held Up at the Office, New York.

New York, Oct. 22.—The entire list of steerage passengers of the French liner *La Bretagne*, 716 in number, were held up on the registry floor of the barges office, and were not permitted to land until it was ascertained that a majority of the names were improperly manifested. No such hold of immigrants at the landing bureau of this port has occurred in years, if ever before. The immigrants would have been sent back if the ship had not the agent of the Bureau of Immigration in the afternoon and supplied a bond of \$3,000 as a guarantee that the fines for all emigrants improperly manifested would be paid.

Will Design.

Rome, Ga., Oct. 22.—Capt. A. B. S. Moseley, of this city, who was several months ago appointed vice consul to Siam, has been granted a furlough and will in a few days forward his resignation to the state department. Dr. R. A. Moseley, a brother of Capt. Moseley, is consul general in Singapore, but has been ordered to Japan on account of his health.

JOHN SHERMAN DEAD.

The aged Statesman Passed Away at His Home in Washington at 6:45 Monday Morning.

John Sherman died at 6:45 a. m.

Washington, Oct. 22.—The condition of the great statesman showed a decided change for the worse Sunday, and it was not believed he would survive the night. Saturday night was a very bad one for him, and he failed to recover any of his strength during the early morning hours, which was characteristic of the early period of the critical stage of his sickness. His naturally extremely feeble condition refuses to yield to the treatment given him, and he is gradually sinking. However, he shows a remarkable vitality for a man of his age.

Dr. W. W. Johnson's came to the house early in the evening and is in constant attendance to relieve the needs of the dying man. A number of prominent persons, including the hon. K. Street opposite Franklin square during the evening, some of the more intimate of whom remained at the bedside of the distinguished patient. At 5 o'clock a. m. ex-Secretary Sherman was still alive.

At 6 a. m. Sherman was still alive, but death was momentarily expected.

PREPARING FOR WAR.

Either a Rebellion or a Mexican Conquest Is Likely in Mexico.—Buying Saddle Horses.

Omaha, Neb., Oct. 22.—A special from Cheyenne, Wyo., says:

Senior Manuel Alvarez, an agent of the Mexican government, has been about two weeks ago and claims that which it has purchased and shipped several car loads of saddle horses to the City of Mexico. From words dropped now and then from Senior Alvarez the Mexican government is preparing for war; either rebellion or a conquest of Mexico. Alvarez will say nothing to his real purpose, but he was directed to this section because of the reputation made by Wyoming and Colorado horses in the late war with Spain. He says he wants only the very best animals.

YOUTSEY FOUND GUILTY.

The Jury Prescribes Life Imprisonment for the Prisoner—An Appeal Will Be Taken.

Georgetown, Ky., Oct. 22.—The jury in the Henry E. Youtsey trial for the murder of Senator Goebel returned a verdict of guilty and fixed the punishment at life imprisonment.

Owing to Youtsey's condition Judge Cantrell did not pass sentence until the next term, to come in January.

Judge Askew, for the defendant, filed two motions, one asking for a stay of judgment, alleging that the facts charged do not constitute a public offense, and asking that stay of judgment be granted until inquiry could be made into the prisoner's sanity.

Judge Cantrell ordered the motions filed for hearing the second day of the February term of court in 1901. He ordered the prisoner's removal to the Franklin county jail for safe keeping.

TH.—AIRSHIP.

Another Trial Made By Count Zeppelins Resulting in a Series of Successful Evolutions.

Friedrichshafen, Wurttemberg, Oct. 22.—Another trial of Count Zeppelin's airship was made Sunday, resulting in a series of successful evolutions.

The Count, with Capt. Zeppelin and Herr Eugen Wolf on board, ascended at 5 o'clock Sunday afternoon at an altitude of five-eighths of a mile, where various maneuvers were executed. It then descended slowly to the water, which it reached near the point of departure at 5:25.

The king and queen of Wurttemburg witnessed the trial.

INDIANS STARVING.

Supplies Are Being Rushed From Vancouver to the Relief of the Needy Redskins.

Vancouver, B. C., Oct. 22.—A special from Agassiz, B. C., says that 200 Indians in a small community at Humberstone Meadows, 150 miles west of Agassiz, are starving. An Indian trader brought the news that 50 Indian families are dying and that it is doubtful if supplies can be sent to them quickly enough to save their lives. Supplies are being rushed from Vancouver to the relief of the starving Indians.

Madrid, Oct. 22.—The entire Spanish cabinet has resigned, and the queen regent has intrusted Gen. Wood to the formation of a new ministry.

MINISTER CONGER.

He is Prepared to Proceed With the Preliminary Work in the Peace Negotiations.

HE HAS BEEN AMPLY INSTRUCTED.

The Initial Meeting Will Relate Mainly to the Verification of the Chinese Plenipotentiaries' Credentials.

Following This Will Come the Designation of Peace Commissioners to Conduct the Negotiations of the Formal Treat.

Washington, Oct. 22.—Nothing came to the state department Sunday from Minister Conger in regard to the proposed preliminary meeting for the consideration of peace negotiations as to be for L. Hung Chang and Prince Ching to October 25. The assumption of the officials, therefore, is that the press dispatches announcing that it had been postponed is correct. This postponement was due probably to the unreadiness of the powers generally to begin negotiations at this time. The Chinese plenipotentiary had not received their final preliminary instructions from their government for their guidance.

Can Cover All Questions Raised.

The United States minister, Mr. Conger, is prepared to proceed with the preliminary work, his instructions from the state department being that he can cover all questions which it is expected will be raised in the beginning. As is understood here, the initial meeting will relate mainly to the verification of the credentials of the Chinese plenipotentiaries. Both L. Hung Chang and Prince Ching are in Peking, but the two great plenipotentiaries are not expected to be still in their own provinces. Conference with them by the Chinese now in Peking will be largely by telegraph. Following the verification of credentials will come the designation of plenipotentiaries to the formal negotiations, but as to their personnel the officials here are not yet willing to make any statement.

ANGLO-GERMAN AGREEMENT.

It Was Communicated to Our Government With Only a Formal Letter of Transmission.

Washington, Oct. 22.—The state department has received a copy of the Anglo-German agreement, regarding the reduction of naval armaments, sent to the department by Count de Quadt, the German charge d'affaires, who earlier in the day had received it by telegraph from Count von Buelow, the German chancellor at Berlin. The official version is identical in all respects with that of the German plenipotentiary, but it is understood that the two governments will not be bound by the terms of the agreement until they are made known to the public. The official version of the agreement is as follows:

EFFECT ON BUSINESS

Workingmen and Capitalists Would Be Hurt by Bryan's Election.

BIG CONTRACTS MADE CONDITIONALLY

Overwhelming Evidence of Improved Condition of Workingman During Last Four Years—More Men at Work at Better Wages.

Washington, Oct. 19.—Terence V. Powers, president of an interest group, said in an interview:

"The workingmen are not caring two raps about imperialism. The issue is property and its control. They do not want to be taken into another country. In several places I see banners in parades that read: 'We don't want to be colonized.' Workingmen fear Bryan will inaugurate a minimum policy which will put an end to prosperity."

CONDITIONAL CONTRACTS.

Large Business Deals Will Be Checked by Bryan's Election.

Findlay, Oct. 19.—George A. Carney and John D. Briggs, the latter president of the Ohio Valley Rolling Mill company, have decided to build a new rolling mill to cost \$500,000, and have engaged a firm which has gone to Pittsburgh to close contracts for the machinery. They will not be effective if Bryan is elected.

McKINLEY WINS.

St. Louis, Oct. 19.—Samuel Bowman, the estate operator, has decided to build a new store and office building to cost \$200,000, to be erected here at a prominent downtown corner, if McKinley is reelected.

The owner of the land is a brewer and a democrat and Mr. Bowman has been of the opinion that if McKinley is reelected he will be able to get a better price.

CONTRACTS CHECKED FOR YEARS.

Washington, Oct. 19.—Many of the largest manufacturing combines in the United States are running on contracts that will soon close, but at the same time they have additional orders conditional upon McKinley's reelection, the Pittsburgh, the Carnegie, Monongahela Iron, the Laclede iron works, all of Pittsburgh, and the Marion Flint Glass company, of Marion, Ind.

LABOR CONDITIONS IMPROVED.

Workingmen Getting Better Pay and More Employment.

Des Moines, Iowa, Oct. 19.—In a circular just issued by the state committee, a showing is made of the number of railroad employees in the state as compared with four years ago, and the increase in salary paid. The figures are:

Year. No. of Employees. Salaries.
1886 28,031 \$15,758,186
1887 31,071 16,963,271
1888 29,595 16,963,277
1889 30,000 16,963,274
1890 30,000 16,963,274

It will be seen that as soon as the good effect of McKinley's administration could make themselves felt there was an increase in both the number of railroad employees and the salary paid.

The six months of 1890 following the four years of depression make the worst showing. As soon as this was recovered from there was a great increase.

PROSPERITY IN PACKINGTOWN.

Chicago, Oct. 19.—The American Packing company has made public known that it will increase its pay rolls for the 40 weeks ending October 3, accompanied with a like period four years ago. The figures are:

Payroll for the weeks ending Sept. 29, 1890 150,238.50

Gain \$167,861.50

Payroll for 40 weeks, ending Sept. 29, 1890 \$2,023,286.61
Payroll for 40 weeks, ending Sept. 29, 1890 2,655,312.84

Gain \$632,026.23

Number of employees October 3, 1890 5,524
Number of employees September 29, 1890 560

IT IS A FACT—

That according to the best medical authorities, the kidney and the bladder are caused by an excess of acid in the blood.

IT IS A FACT—

That uric acid is a product of imperfect kidney function, and can be eliminated through the kidneys.

IT IS A FACT—

That by eliminating this acid from the system the acknowledged cause of asthma, hay fever and rheumatism is removed.

IT IS A FACT—

That Borden's Specific cures by its specific purifying action on the liver and kidneys, thus enabling them to purify the blood, and the body to carry off this excess of acid from the system.

IT IS A FACT—

That all asthma and rheumatism comes from the kidneys, as chloral, cocaine and morphine and produce only temporary relief.
